**TO WHOM IT MAY CONCERN: Peer Reference for Amber Clark
Prairie River Junior High School, High Prairie, Alberta**

I am pleased to provide a reference for my former colleague, Amber Clark. Amber is an energetic, positive, thoughtful and caring team player, who related very well to staff and students, while teaching with me at Prairie River Junior High School, in High Prairie, Alberta.

Amber was astute at recognizing different learning styles in her Youth Apprenticeship Programme students, and organized her lessons to accommodate those differences. Her lessons and themes were solidly based on the Alberta Education Programme of Studies. She was incredibly well-organized and open to learning new approaches to facilitating student learning. Amber quickly mastered Renaissance Learning's Enterprise programme and our mark management system, Integrate Pro. She became the "go-to" person for both programmes. She was a willing helper to other staff, and was equally willing to learn from others. Amber also co-coached our boy's volleyball team.

I am a veteran teacher who has learned a great deal from Amber. She brought a vibrant excitement and enthusiasm to our school that I have never seen with another young teacher. I would be pleased to provide any other information about Amber which may be required by employers or post-secondary institutions. I can be reached at the above addresses, at home (780-523-2029), or at Prairie River School (780-523-4418).

(Mrs.) Judy Davies
